

Fruit Fans

Items needed (quantity per creation)

- 1 piece of A4 light-weight white card
- 4 popsicle sticks
- Colouring pencils or felts
- Hot glue or PVA

Folding fans extras

- 1 split pin
- Drill

Instructions

1- Start by deciding which fruit you wish to make (see templates below) then take your template and colour it in.

2- Cut out your fruit piece and fold along the fold lines.

3- If you wish you colour your ice block sticks in to match the fan before you glue them on. Glue on your four sticks to the base of the fan for a handle.

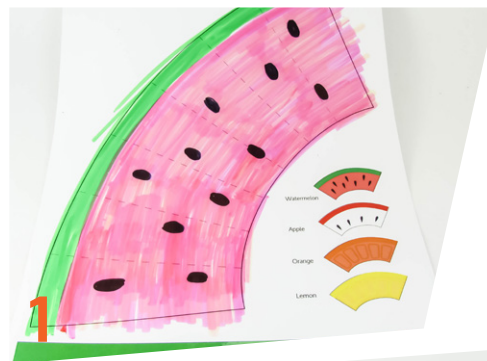

Alternative. Folding Fan.

If you have more time or older children you may wish to make the folding fan. Start with steps 1 & 2 above, then you need to do the following:

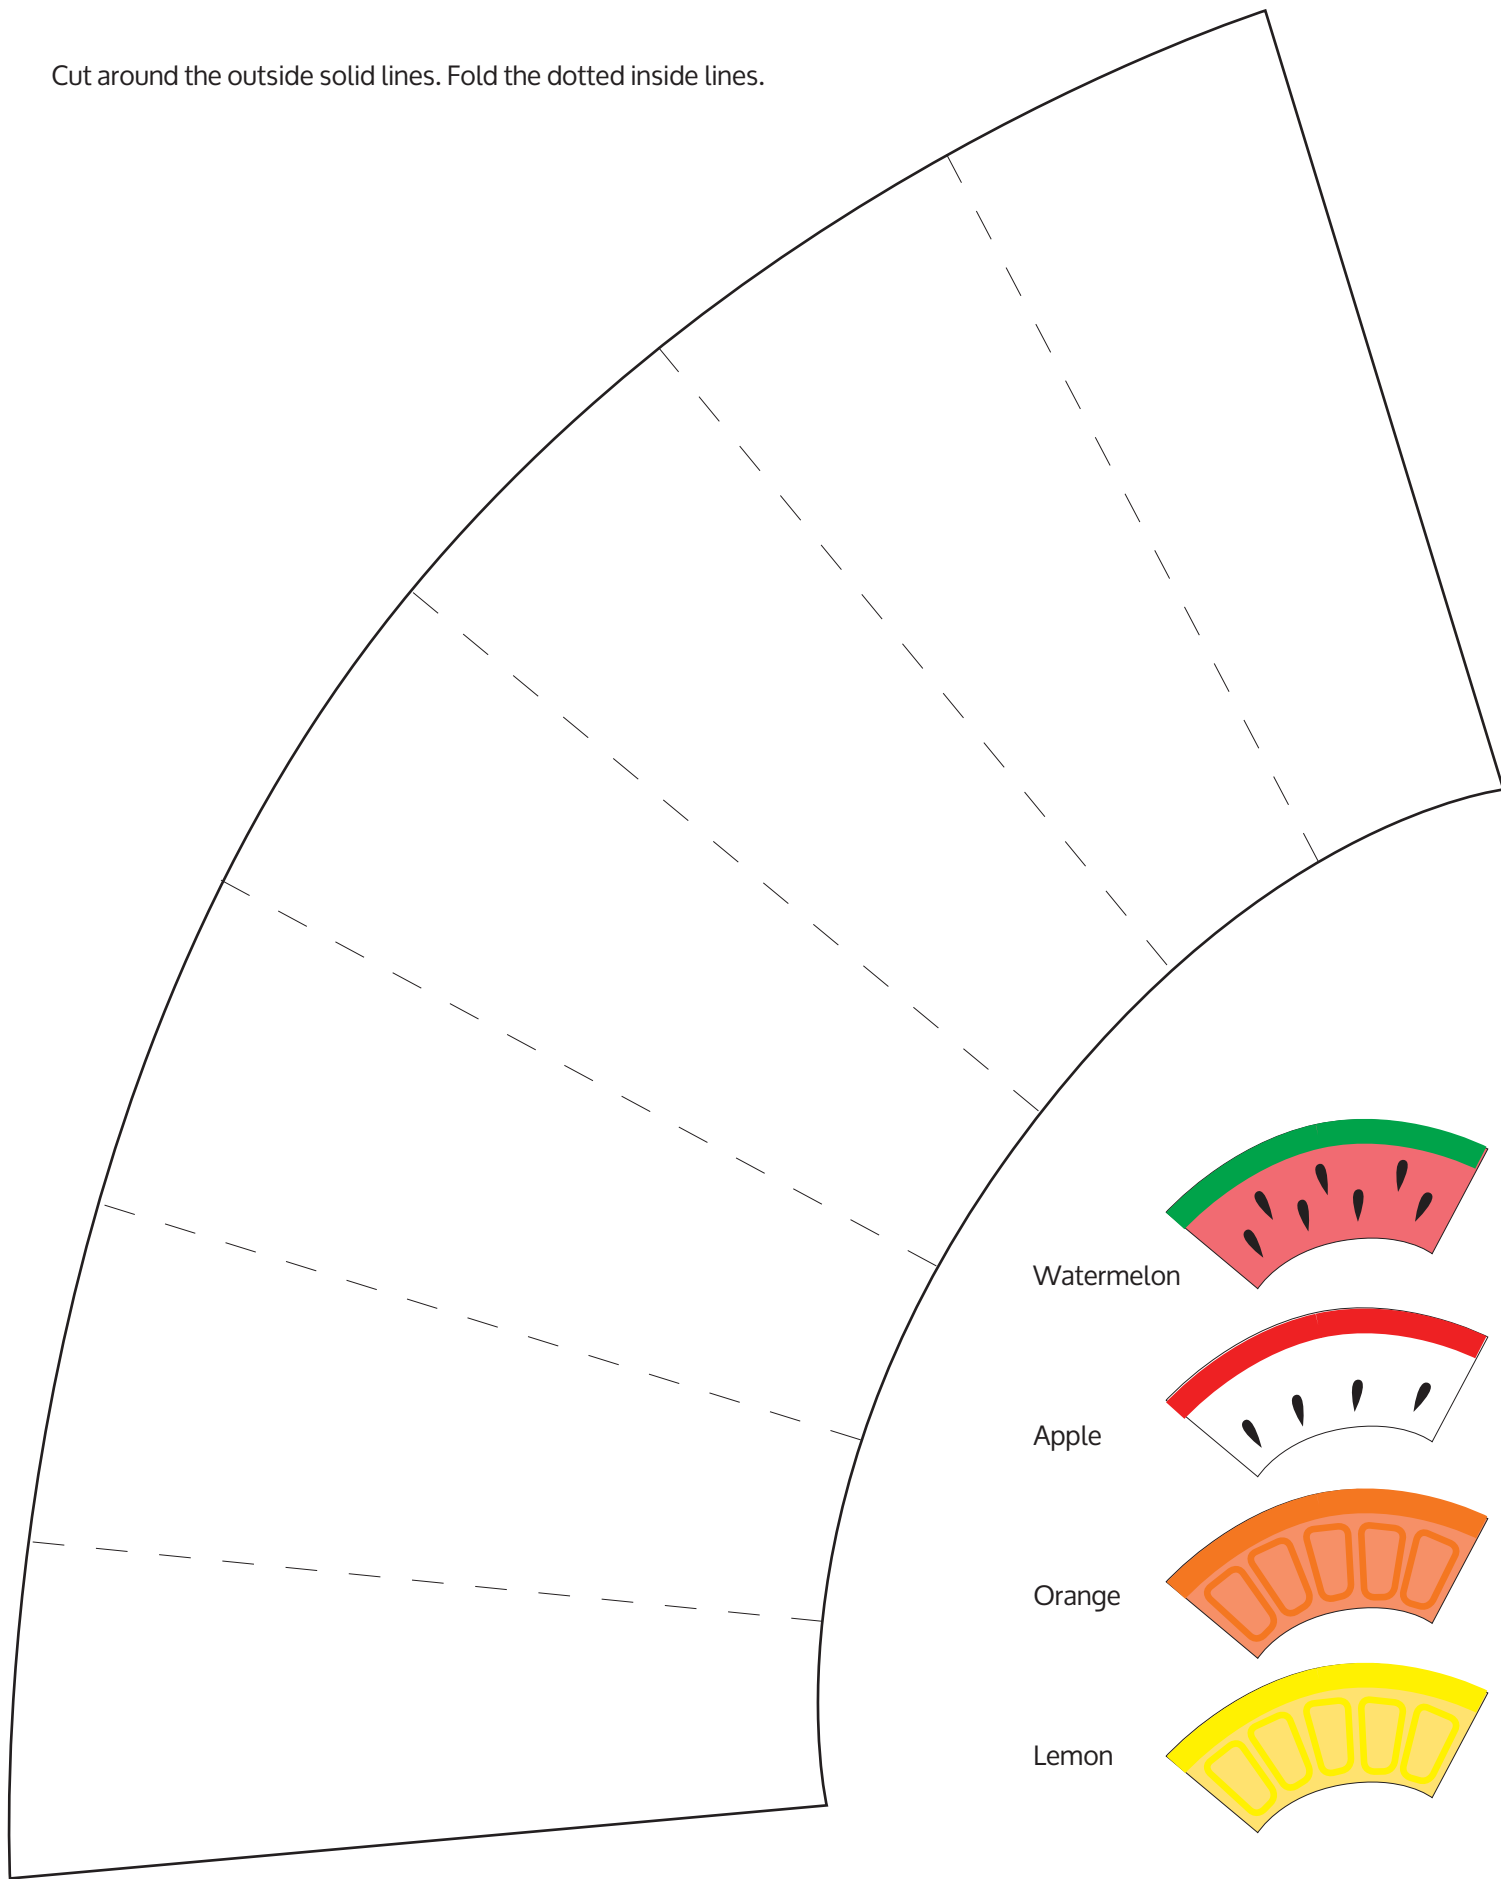

3- Drill holes in the end of each of the sticks

4- Glue the non-drilled end of each of the sticks to the fan.

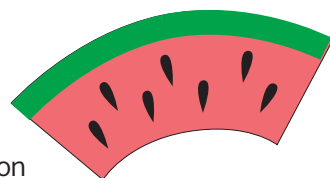

5- Put a split pin through the hole to make the handle.

Cut around the outside solid lines. Fold the dotted inside lines.

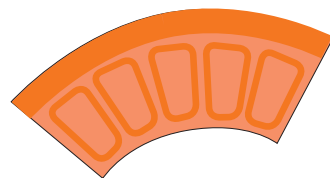

Watermelon

Apple

Orange

Lemon
