

Mini Jandals

Items needed (quantity per creation)

- Foam sheets (or coloured card)
- Hot glue
- String
- Embellishments
- Sharpies

Instructions

1- Start by tracing and cutting out the template pieces (see template attached) from foam card and punching a hole about where the 'x' is.

Following instruction is for the left side jandal - to make the right follow instructions but flip the directions for example to the left becomes to the right.

2- Use your strip cut from your template and fold it 2/3's down. Place this fold through the hole with the short side facing the right side and place a dab of glue underneath.

3- Fold the strap over about 2/3's down the Jandal and glue underneath (see photo).

4- Glue on the base to cover the extra strap. Add a loop for hanging and then decorate.

Where to find it

Foam card - Foam card is usually easy to find at most discount variety stores.

Sharpies - You can also get knock-off sharpies from discount variety stores but you will find real sharpies (although more expensive) will last much longer and have brighter colours. Places like eenymeeny.co.nz and officemax.co.nz usually have specials.
