

Mini Peg Christmas Scenes

Items needed (quantity per creation)

- Pegs
- Card
- Embellishments
- Hot glue
- Pipe cleaners
- Small stick

Instructions

This activity has many options below is just one - let the children go wild with their imagination on this.

1- To start you will need to paint your peg, this is optional but can add an extra flare to the design

2- Get a small stick approx 2 cm and hot glue a green pipe cleaner to the middle of it.

3- Wrap the pipe cleaner around the stick to make a tree shape, if you continue to the top of the stick you will get a tapered tree shape

4- Hot glue your tree to the peg.

5- Continue to make elements to add to the decoration and glue on to make your own Christmas scene.

Simplify

As this craft is small, some children may find it hard to work with. Instead you could buy small items like sequin Christmas shapes (presents, angels, trees, bells etc), that can simply be glued into place.
