

### Go Wild!

The world has many amazing wild things to offer. These crafts are based on some of the wild things found around the globe.

#### Bull Frog Catcher

Bull frogs can be found across the globe from Australia to Asia and Africa.

This fun little craft takes a cardboard tube, some string and a bottle cap and turns it into a fun little game. The aim of the game is to swing the bottle cap fly into the mouth of the hungry bull frog.

#### Rain stick

The rain stick is an instrument that was believed to originate from South America. It makes a sound similar to rain or a snake hiss.

A cardboard tube with some rice inside makes the basis of the instrument. The outside can be decorated in any way you wish but this example reflects the sound it makes.
