

Photo booth props - Glasses

Items needed (quantity per creation)

- Pen
- Kebab stick
- Foam card
- Hot Glue
- Scissors

Instructions

The below instructions are only a few options for props, let your creativity go wild and create whatever you think you could use in the photo booth

- 1- For the first one you will need a friend to help you. Place the foam card over your face and get your friend to put small dots where your eyes would be.
- 2- Draw your glasses then cut out.
- 3- Place your kebab stick on the back to one side with the hot glue pointing down.
- 4- If you are finding your glasses are floppy then add some kebab sticks on the back to reinforce it.

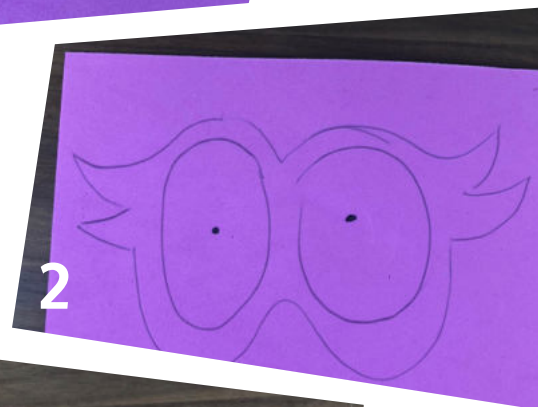

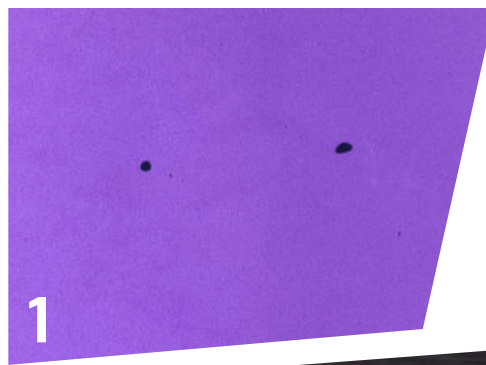

Photo booth props - Moustache and lips

Items needed (quantity per creation)

- Pen
- Kebab stick
- Foam card
- Hot Glue
- Scissors

Instructions

- 1- Draw the shape of your moustache on the back of some black foam card and cut out.
- 2- Draw your lips onto the back of some red foam card and cut out.
- 3- Fix a kebab stick on the back of the moustache and the lips. For this prop, you will want the stick on one side going straight out horizontally.

Photo booth props - Party hat

Items needed (quantity per creation)

- Pen
- Kebab stick
- Foam card
- Hot Glue
- Scissors

Instructions

- 1- Start by drawing your hat shape then cut it out.
- 2- Glue your kebab stick onto the back on a diagonal, this will make it easier to use when taking photos.
- 3- Cut out some shapes in other colours of foam board and glue on the front of the hat.
